

1,700 VAN WORKERS ON STRIKE; 15,000 PAINTERS MAY QUIT

**Demands of 2,000 Plumbers
for 44-Hour Week Met by
Most Contractors.**

The van chauffeurs, helpers and painters of this city to the number of 1,700 went on strike to-day. A meeting of New York Local 273 was held at Beethoven Hall, No. 210 Fifth Street, last night, and in default of the van owners to meet the demands of the men the strike was ordered.

The demands are that chauffeurs receive \$45 weekly, helpers \$35 and painters \$38. In addition they demand an eight-hour day, Saturday afternoons off all the year round and all holidays. At present they are receiving, respectively, \$37, \$30.50 and \$34, with all holidays save Columbus Day, Oct. 12, which comes in the busy season, and Saturday afternoons off during July and August.

John H. Coughlin, First Vice President of the Van Owners' Association, said to-day:

"It is impossible for us to meet these new demands. We are already charging the public all it can afford

to pay for moving. Should the demands be met, the public would have to pay.

"We signed an agreement with the men a year ago. This expired Aug. 1, but last April, despite the agreement, the men talked of going out and we gave them a flat increase of \$5, bringing the wage scale to the present figures. This seemed to satisfy the men, but they sent a further demand and we offered them a flat increase of an additional \$3. This was deemed not enough by the men and the present strike has resulted. The Association will meet to-night at No. 67 West 125th Street to discuss the state of affairs and we will be willing to meet any committee of the strikers."

In all, about 17,000 men are involved in three strikes to-day. In addition to the van men 15,000 painters, paper-hangers and decorators voted last night to go out unless they get an additional dollar a day to bring their wages to \$10.

The demands of 2,000 plumbers, members of Local No. 32, Amalgamated Metal Workers of America, for a 44-hour week, \$9 a day and curtailment of overtime work has been met by so many contractors that a strike of the plumbers is unnecessary, according to Richard Monks, general organizer.

Mayor Hylan to-day issued a call for a special meeting of the Board of Aldermen on Sept. 8, at which will be considered an amendment to the public cartmen's ordinance intended to prevent future profiteering by van owners who move household furniture.

Mayor Hylan believes the license department should have the power to drive dishonest furniture movers out of business.

It was William T. Collins, majority leader of the board, who moved that the first fall meeting of the Aldermen be held after Oct. 1, which is moving day. Usually the first fall meeting of the board is held late in September.

Alderman Collins, however, repeated-

ly assured The Evening World that he is in favor of an amendment to the moving van ordinance which will curb profiteers.

Alderman Stapleton, who represents "Big Tom" Polty's district, where victims of moving van profiteers are numerous, is Chairman of the Aldermanic Committee now considering an amendment to the ordinance. Stapleton, like Collins, has assured The Evening World he is willing to do all in his power to obtain the passage of a fair, anti-profiteering amendment. Alderman Stapleton will be asked to-day to call a meeting of his committee and arrange a conference with van owners so that an amendment may be passed to protect tenants who must move.

The Aldermen also will take action at their Sept. 8 meeting on the \$3-

648,652.51 in revenue bonds authorized yesterday by the Board of Estimate for the payment of teachers' salaries.

POLICE BAND CONCERTS OFF.
Cancelled by Enright Because of Car Strike.

Owing to the necessity of keeping all policemen on strike duty, Police Commissioner Enright to-day cancelled Police Band park concerts until further notice. While Holly, secretary of the Park Board, asked that because the season was so near its close there probably would be no more concerts, even if the strike ended this week.

Mr. Holly to-day received a telegram from Albuquerque, N. M., announcing that Francis D. Galt, President of the Park Board, who went there for his health, is greatly improved.

Man Blown Through Roof.
A gasoline tank exploded to-day in the plant of Kellogg, Spencer & Bina, Edgewater, N. J., manufacturers of lined oil, and Frank Remoth, a workman, was blown through the roof of a shed and badly burned. He was taken to the North Hudson Hospital. The company's fire department put out the blaze before the regulars arrived.

**USE POSLAM
NOW TO CLEAR
YOUR SKIN**

Would you be entirely rid of that distressing skin trouble? Do you desire a clear, fair skin, free from aggravating unhealthiness? Poslam, then, is for you. It awaits your hardest task, the most stubborn and difficult condition of diseased skin you have to overcome. It is qualified and ready. Its makers can put no more of perfection in it to make it more valuable to you. So let it serve you, utilize its splendid healing help.

Sold everywhere. For free sample write to Emergency Laboratories, 248 West 47th St., New York City.

Poslam Soap, medicated with Poslam, should be used if skin is tender and sensitive.

Helen Wainwright, 14-year-old swimming-wonder—member of the Olympia Team. Helen won her first swimming prize when she was eight and since then has captured 28 medals and cups. Her home is at 51st St. and Jackson Ave., Corona, L. I.

Girl of 14 defeats America's best divers

Mother of Helen Wainwright tells how her daughter won national honors. Gives interesting facts on building health and bathing

THIS summer a pretty little slip of a girl defeated all the best women divers in America.

At the Olympic Trials Helen Wainwright, only 14 years old, was chosen to represent the United States at Antwerp.

"Ever since Helen was very small," said Mrs. Wainwright recently, "I have encouraged her to swim and dive. And one of the first things I taught her was to follow the simple rules of health."

"We discovered long ago, for instance, that bathing at home, if properly done with the right soap, is a real way to build up vigorous health."

Why a "lazy" skin is a drag on health

We have all wondered why some people are always complaining about the weather.

On warm days they feel hot and uncomfortable. And in the slightest draft they begin to sneeze and catch cold.

A common cause of these troubles—and of many others—is an inactive, "lazy" skin.

The tiny muscles of the pores and glands in the skin are just like all our other muscles. Without proper exercise they become weak and flabby.

Then the whole skin grows "lazy." It cannot do its work—cannot give the body full protection against changes in temperature. We suffer too much from the heat, and catch cold too easily. In addition, a "lazy" skin is always exposed to rashes and eruptions. The vitality of the whole body is lowered.

Keep your skin active—glowing with health

Doctors have found that proper bathing will easily restore health and vigor to a "lazy" skin.

"All our family have used Lifebuoy Health Soap because its soft, creamy lather leaves the whole body stimulated and the skin ruddy and glowing with health."

Like the Wainwrights, there are 2,000,000 other families in America who are building up health and strength every day by correct bathing. They know how the big, generous lather, and the mild antiseptic of Lifebuoy Soap invigorate the skin and tone up the whole system.

Doctors have found that an inactive, "lazy" skin is a common cause of discomfort and lowered health.

Already many people have found a simple, pleasant way to keep the skin healthy and active—really to build up health through bathing.

A bath in warm water with the rich, bubbling lather of Lifebuoy Health Soap—then a cold sponge-off and a vigorous rub-down—

Try this yourself—see how it leaves you "tingling" all over. It gives your skin just the exercise it needs. That means a clearer, fresher complexion, too—the radiant, "out-door" look that everyone admires.

Notice, too, the clean, wholesome odor of the Health Soap. It contains a special ingredient—a mild antiseptic, that purifies and stimulates the skin. The odor tells you why Lifebuoy is known as the "Health Soap."

Start today to make every bath help build health for your whole body. Take a cake of Lifebuoy home with you. It is on sale at grocers, department and drug stores. Lever Bros. Co., Cambridge, Mass.

Ordinary Soap

Lifebuoy Health Soap

50% more lather than ordinary soap

Rich, generous lather—half again as much as with ordinary toilet soaps. That's the result of the Red Palm oils in Lifebuoy.

Try the simple test shown above. See for yourself that Lifebuoy forms at least 50% more lather. Notice, too, the clean, wholesome odor of the Lifebuoy antiseptic. The generous lather carries this cleansing antiseptic right down into the pores of the skin. That is why Lifebuoy keeps your whole skin glowing with health.

For the face and hands

More than any other parts of the body, the face and hands are exposed to dirt and grime. They especially require a soap that forms a heavy, creamy lather, which will loosen the dirt, and carry it away.

Try Lifebuoy the next time you wash your face and hands. Notice how much cleaner—how much cooler—the rich Lifebuoy lather makes them feel than ever before.

Watch your skin improve

\$200 in prizes for letters from Lifebuoy users

Every day we are hearing from more and more Lifebuoy users who are doing remarkable and unusual things. If you or your family are among the 2,000,000 users of Lifebuoy, and have won a prize, or done something interesting, write us a letter describing it at once.

We will award prizes of \$100.00, \$75.00 and \$25.00 for the three best letters. Only condition is that you must have been a Lifebuoy user before August 15th, the first day of this contest. Mail your letter on or before September 30th to Dept. G-2, Lever Bros. Co., Cambridge, Mass.
